Buckles & Banners

Friday, October 24, 2014
6:00 PM

Hosted by Gerdes Show Cattle
West Point, Iowa
at Lee County Veterinary Care Facility
It is with great enthusiasm that I welcome you to the 3rd Annual Buckles & Banners Female Sale. Once again this group of progressive Simmental Breeders will be offering a top shelf set of open show heifer prospects that we are confident will go out and compete on any level. The bred heifers and cows are the deepest in quality that we have assembled.

Many of you know the commitment that goes into having a production sale every year. I can tell you that not a day goes by that we aren’t planning for this event. From calving time, to planning the next year’s matings, to halter breaking and servicing the projects from the past. I am proud of this set of cattle and even more proud of the breeders of these females that I am fortunate enough to call friends and family. The one thing that I have come to value as much as anything, are past customers. Cattle that have been purchased in past sales continue to do well for their new owners. We treasure the friendships and partnerships that have been built, and we welcome the opportunity to build new ones. Hope to see you in West Point on October 24th!

Come enjoy good food and great cattle!

Eric Gerdes
Sale Day Phone:

Consignor: Lone Tree Simmental / Thoman & Sons

It's not everyday that a person has the privilege to sell a National Champion. There is some mixed emotion about letting Moco go, she is one of four National Champions that the famous but now deceased War Diva cow had in 2 years. The other champions that are full sibs include Entourage and Shania “who also had an untimely death”. Moco's first natural calf Drama won the Iowa State Fair bull show, later won his division at the Royal and was leased by Accelerated Beef Genetics. The next year she produced the champion pen of three percentage heters in the yards at Denver. More recently she produced the high selling open female at the national sale in Fort Worth by Upgrade for $18,500, another full sib sold in the spring in the Diamond and Spurs sale for $9500. Big M Ranch purchased an Explorer daughter for $5000 from the Denver pen to go along with that her Dark Horse daughter also brought $5000 from the champion pen. From a fertility standpoint Moco has always had huge flushes. This past spring she produced 48 ovacytes in IVF procedures. Please contact us if we can assist you with any more information you may need. We look forward to the continual success of this great matriarch donor for the new owners.

• Drake Miss has been something special and is hard for us to sell. Misfit, as we call her has been a top producer as a donor for us. Many of her heifers have been retained in our herd. Purchased from Larry Drake several years ago she has not disappointed us. A great embryo producer and easy breeder, Misfit’s embryo heifer sells along with her in this sale and you will see why it is hard to let her go. Bred safe to HOC Broker for a January calf.

There is always that footnote that you hate to write because you just can’t simply put into words how breath taking an individual is in real life. This pair of Wheelman daughters have had us arguing over which one is best since early summer, they have a huge fan base since word made its way around about how good these young ladies are. I won’t waste your time reading this footnote, take a look at the pictures and videos! Their dam was the 2012 Champion Bred and Owned Female at Junior Nationals and the 2012 Reserve National Champion Percentage female in Kansas City. Make sure you find these two stunners when you make it to West Point. They are both entered in Kansas City and Louisville.

• Selling choice of Lot 4a and 4b

We are selling choice in these two daughters of the proven matriarch H25; most will know her best for being the dam of Broker or the grandmother of Miley Cotton-tail. H25 has several daughters, granddaughters, and sons that are proving to be the essence of longevity and fertility in donor pens and bull studs across the country. With the cow family’s longevity and productivity we knew when we purchased offspring or embryos that we needed to find a mating that was an outcross to what was available on the market. When we saw the United’s being offered for sale, we felt they allowed for us to acquire the genetics, tradition and also offered a better profile on paper that most of their maternal contemporaries. The choice is yours and it will be tough because the girls are made very similar, angular, huge middled and perfect at the ground. They rank in the top 25% of the breed for WW, YW, MWW, CW, with and API of 124 and will gather their share of purple! They are both entered in Louisville!

Maternal Sister to Lot 7 and Lot 7a
Champion Percentage Female
2014 Junior Nationals
Shown by Tanner Howey

Here will be one of the first Pays To Believe offspring to sell at auction. He was the Champion Purebred bull in Louisville for Schooley and Lee. Matt had high expectations from him after seeing him in Denver as a yearling and when you see 921B you will see why he has exceeded all of them. 921B maternal sister is the reigning Junior National Champion female for Tanner Howey and her dam was the high selling lot in the 2014 Diamonds and Spurs selling to Shoal Creek Land and Cattle for $22,000. This female is going to gather a pile of purple, API 137! Don’t miss out on this one.

Full Sib to Eggs

• Consignor: Owens Brothers
• Not only have we opened our gates to our best live genetics, we are also taking the top off of our semen tanks to offer you some of our best genetics on ice. This young daughter of Steel Force is from a full sister to the legendary Genex Angus Sire, BC Lookout. She has raised the bar for our Simangus program by offering a stellar combination of physical elegance, pedigree, and numerical traits; she now resides at Shoal Creek Land and Cattle after topping the spring production sale at $22,000. This mating to Chamberlain should only prove to make mating more certain. An awesome combination of calving ease and growth, without sacrificing marbling and rib eye. Chamberlain was selected from the Steve Reimer program in South Dakota in the midst of the 2011 bull run by Effling, Wagner, and Associates for a $40K price tag. He is noted for his extraordinary power, rib design, and fault free skeletal construction. We strongly believe in this young Simangus donor, her heritage is second to none on both sides of her genetic equation and we believe we have taken the guess work from the future of this mating. Buy with confidence, Full sister brought $13,500 for the Gerdes family in the 2014 Diamonds and Spurs Sale

• Consignor: Lone Tree Simmentals

• 5B and 13B are a result of a very successful flush by our up and coming donor LTS Stiletto. As many of you know we sold many of our proven donors in last year’s sale. We made a hard decision to move on with some younger daughters from the same constant cow families that have been proven over and over again and have stood the test of time. These two young donor prospects come from a family of champions, starting with their great grand dam Jewel M3, a two time Denver champion. A maternal aunt was calf champion at the Royal and Denver. Their dam Stiletto was calf champion at the Royal. Besides the depth of body and the powerful hip 5B and 13B are complimented on paper with an outstanding set of numbers. Help yourself to these heifers that will be competitive either in the show ring or the pasture.
Worth as a calf. As a yearling bull he won Fort Worth again and later was named Grand Champion bull at the Breeders Sweepstakes. More importantly, Twang is out of the Shawnee Miss 770P cow, a must have genetic base. I have always tried to breed to bulls that have awesome dams and just had to cross these two powerful cow families. As for the Widetrack heifer 20B, she is a total outcross to the Legacy line. 20B is super fronted with a supple neck and is straight lined and just comes at you in a soft package.

• Consignor: Lone Tree Simmentals / CLO Simmentals
• We all know what the fame WAR Diva cow has done by raising 4 different National Champions in two years, but there is more to her legacy in Star Struck, another daughter that was a division champion many times over. When Cliff offered me to partner up on a flush I just had to jump on it. You can not own enough genetics from this cow family that has produced champions time and time again. 881B reminds me of Lot 21 from last year’s sale that the Beins family from Utah bought that was campaigned very successfully. These two females are soggy middled, good fronted and still soft on their pasterns. 16B and 881B have the history, pedigree, and the numerical value to enter a donor pen.

REA: .98 • API: 118.3

• Consignor: Gerdes Show Cattle / Lone Tree Simmentals
• The Shania female was purchased as a young calf at the SVF Family Mattore sale. This female has always shown promise. Shania Y704 went on to be a champion at the Simmental Breeders Sweepstakes and the Iowa State Fair. Now as a donor she still has the balance and style and overall completeness the family is known for. We selected the Canadian bred bull, Wallbanger to mate to Shania. Wallbanger is a son of Larry Parr’s Enticer bull. Wallbanger for several years has some of the best off-spring in Canada. Many Wallbanger progeny have topped many sales however Captain Morgan commanded 150,000 going to Double Bar D. Shania dam was a Denver champion. This family has earned many Buckles and Banners. The embryos are eligible for Canadian export. Selling three guaranteeing one pregnancy.

REA: .66 • API: 114.8

• Consignor: Gerdes Show Cattle
• Pregnancy due 1/1/15
• We purchased some embryos out of the Sloup/Snider donor Ebony Black Rose and had great results so we are able to share her elite genetics. Power Drive sired and hopefully a baldy. Plus an outcross pedigree.
These two Trademark females are powerful, soft footed, and have plenty of style to burn. More important they are backed by a great cow family and one of our Conner Stone donor Maid to Order. While 98A is bred to the easy calving and predictable national champion Entourage, 97A comes with a new exciting genetic package as she is bred to the up and coming rising star GSC All In. Either way both of the females are mated to the breed's best cow family in WAR Diva or the ever popular Miss Werning KP 8543U cow. Both females were ultrasounded and are safe to the A.I. date.

- Bred AI on 5/27/14 to **SAV Brilliance**, ASA # 16107774
- What would a Buckle and Banner sale be without offering at least one Entourage daughter for sale. We dug deep in the keeper pen to offer this outstanding lady. Not only has Entourage progeny excelled in the show ring these past seven years but when turned out in the pasture these females continue to out produce their counter parts. Notice in this pedigree Journey is back cross to the Sheza Dandy cow, a successful formula that has produced champions such as LTS ESSENCE and LTS STELLETO. Al to the Angus bull Brilliance for an early March calf
- Bred AI on 5/27/14 to **SAV Brilliance**, ASA # 16107774
Well by this time in the catalog I have run out of intelligent comments on the cattle, questionable at the beginning I know Jon JJ! I have had the opportunity to work with old Haines for quite some time now, and yes I called him old. He always makes me write the footnotes on these bred heifers because he doesn’t think it matters what is in a footnote, so I decided I would write one for the whole division. These next 10 bred heifers are really outstanding in quality and if you study your lesson there is plenty of good show heifers running around that have a Haines Cow in their pedigree so with cattle prices at an all time high start out by buying proven genetics when selecting your bred females. Look this group up on sale day!! By the way David hates that comment in a footnote!

• Consignor: Lone Tree Simmentals / 5th Street Cattle
• Bred AI on 6/8/14 to Express Power Class AAA#: 16980412:
• Rescue is co-owned with the Walker family out of Washington, IA. She is long bodied and straight lined and comes with a great long clean neck. Drake females have been best described as highly maternally oriented. Rescue’s dam Crunch has been in embryo transfer program for 5th Street Cattle Company and is one of the stoutest made Simmental females that I have been associated with. Look for her Goldmine calf to complement Rescue. Has been ultrasound safe to Goldmine

• Consignor: Lone Tree Simmentals
• Bred AI on 4/21/14 to GSC ALL IN ASA#: 2812085
• 93A comes from a successful cow family that goes back to
the great Jewell M3 cow. 93A is a maternal sister to our donor cow LTS Stiletto who was calf champion at the American Royal. She is also a 3/4 maternal sister to LTS Essence who was calf champion at the American Royal, Denver, and was named calf champion at the National show. This moderate long neck female is extremely thick but still maintains a soft foot that travels true on all four feet and legs. Ultrasound safe to the ALL IN bull. Expect exciting and new genetics that will put you on the map next spring.

• Consignor: Lone Tree Simmentals
• bred AI on 5/21/14 to CLO LTS Entourage AGA #: 2382011
• 95A is out of our donor cow Smolder who just so happens to be the Res. Grand Champion at the American Royal and Res. National Champion in 2005. These Voyager daughters make tremendous cows that milk well and have fantastic udders. 95A is bred to Entourage for calving ease. We did flush Entourage to Smolder in the past which ended up being our most consistent mating to date out of her. Her 95A progeny should deliver both in the show ring and the performance arena.

• This Broker Daughter is as maternal and phenotypically correct as any female to be offered this fall. She was the high selling open heifer in the inaugural sale to Rye Fenton. Her dam is a donor for Due North Simmentals and Owen Brothers, described by many as one of the best percentage females in production. Make sure and find this female sale day she sells with bull calf at side by MCM Top Grade. 922Z Ranks in the top 25% of the breed or better for MCE, BF, and REA.

* Consignor: Gerdes Show Cattle / Mindemann Farms
* Bred AI on 4/23/14 safe to FBFS Wheelman 649W ASA #: 2527605
* 725 is an Angus donor that we have owned with the Mindemann family. After her decorated show career she has been super productive from making some awesome 1/2 blood herd bulls to making very elite percentage and Angus show heifers. In the 1st Annual Buckles & Banner she had a high selling 1/2 blood that is now in the donor pen at Krieger Farms. This impressive Angus donor is settled early to Wheelman. This will be an incredible mating. Buy with confidence here.

Grab Your Chance to Win 10 Units of GSC All In 72A

Two lucky buyer numbers will be drawn at the end of the sale and will each receive 10 units of GSC All In 72A. Must be present to win.
Owners: Gerdes Show Cattle, Kenco, and Genex Corp.
TERMS & CONDITIONS:
CATTL WILL SELL UNDER THE STANDARD TERMS AND CONDITIONS AS RECOMMENDED BY THE AMERICAN SIMMENTAL ASSOCIATION.

BREEDING GUARANTEE:

We guarantee all livestock sold as sound breeders. However the heifers that are shown can often be fed to an extreme level of obesity for the purpose of exhibition. Those heifers are often also not allowed to be bred in ideal situations do the priority of continually exhibiting them as well as often bred late to lengthen their possibility of exhibition. Due to this we will hold the feeder/owner responsible for any reproductive problems and no longer feel responsible to guarantee that individual heifer. In the rare case that this was to occur, Buckles and Banners Consigners will still make an attempt to assist and try to help you breed this heifer through the following two breeding seasons.

Also all bred females are sold under the condition "safe in calf" as attested to by a licensed veterinarian and sell with no further guarantee. The ultrasound results reported are as accurate as possible but are not guaranteed. No guarantee is given that bred females will deliver a live calf. Buyer will be given a 24 hour option to have a licensed vet examine the female before she leaves the sale premises.

All open heifers eligible for the Iowa Futurity.
